

Dear Parents/Carers,

Cycle training is coming to your school!

'Bikeability' is the National scheme aimed at giving children the skills to cycle safely and make journeys on quiet roads. It is the Cycling Proficiency for the 21<sup>st</sup> Century.

Your school has been chosen to receive this training free of charge.

## Training Dates: 18<sup>th</sup>, 19<sup>th</sup> & 20<sup>th</sup> April 2018

The course consists of sessions, taught during the school day. Please see the attached consent form for a breakdown of the course criteria and delivery location.

If you'd like your child to be involved please return the consent form to school. If you would like to be involved as a parent helper please tick the box on the consent form. It is great fun seeing how the children progress and we'd appreciate your input. You don't need to ride a bike, just be with the group and enjoy the experience.

The next steps.....

- Read the consent form, complete and return
- Send your child to each session with a bike and helmet, a rain coat and a water bottle.

The training is great fun and free......Don't miss out!

Please be aware that there are limited places on the course. If your child is not fortunate enough to get the training in this visit every effort will be made to return to the school to deliver more training.

If you have any questions please contact me either by a note through the school or give me a call.

Bikeability Instructor: Tony Walters
