

Changes

In 2014/15 a new national curriculum framework was introduced for Years 1, 3, 4 and 5. Years 2 and 6 due to statutory testing continued to study the previous curriculum for one further year. In 2015/16 all children are expected to now study the new national curriculum. Key Stage 1 (Year 2) and Key Stage 2 (Year 6) SATs will reflect the new curriculum for the first time.

How to help your child

- First and foremost, support and reassure your child that there is nothing to worry about and they should just try and do their best.
- Ensure your child has the best possible attendance at school.
- Support your child with any homework tasks.
- Reading, spelling and arithmetic (e.g. times tables) are always good to practice.
- Talk to your child about what they have learnt at school and the books they are reading.
- Make sure your child has a good sleep and healthy breakfast every morning.

Higher Attaining pupils.

Previous Key Stage 2 tests were aimed at children achieving levels 3-5. Additional Level 6 tests were produced for children who demonstrated higher than expected attainment. This year there won't be any separate tests for the more able children. Instead, each test will have scope for higher attaining pupils to show their strengths.

Any further questions please do not hesitate to ask a member of staff.
