

Harvest Festivals

Christians celebrate the harvest by going to Church and taking part in a Harvest Festival.

During a Harvest Festival Christians thank God for the safe harvest of the food.

Christians take fruit and vegetable gifts to the service and sing harvest hymns. All the food collected then gets given to those in need of it.

This week we have been learning about Harvest. We have learnt about how and why people celebrate Harvest today. We also talked about the importance of a good Harvest a 100 years ago. We have also made our own Harvest collection which we are going to donate to the Food Bank.
